Union Goes Court Seeking Cost Hike

BURGH, Pa. (AP) — The
union is going to
ask a four-cent-an-
hour wage increase,
said general counsel,
Goldberg, said Wednes-
day would ask U.S. Dis-
trict Court to order the
hike effective in January.
The union's last-million basic
wage was on strike 116
days. A Taft-Hartley
injunction kept them back
for 86 days under
their old contract.
The union contends the workers
are entitled to cost-of-living hikes
under the old contract because of
the government's con-
sumer price index for November.
The union said he will ask that
the benefits under any new
contract be made retroactive to
the old contract.
The industry has disputed
the union's contention about cost-
of-living retroactivity. When
Robert P. Serz issued the
injunction here last
week, he reserved decision on
the matters.
The industry negotiators
and federal mediators in
the federal court in
Philadelphia on Wednesday in
an attempt to reach
an agreement on progress
toward a new contract.
The union said it got under way
at the national.
The officials bricked Presi-
dent Eisenhower Wednesday on
regulations during his 10-
day overseas tour.
The White House made no an-
nouncement whether the President
would further action to break
the stalemate.
The Taft-Hartley period
Jan. 28. If no new con-
tract is reached by that time,
the union would be free to strike.

Newspaper Boys Are Paid a Handsome Tribute by Local Judges, Brown and Pilkinton

In his address to Hope Star's annual Christmas dinner for newsboys last Tuesday night Deputy Prosecuting Attorney John L. Wilson, Jr. read two fine testimonial letters by Circuit Judge Lyle Brown and Chancellor James H. Pilkinton. Space didn't permit running their complete texts in yesterday's edition, but they are presented today.

The Star's Editor discovers, meanwhile, that in our writing up yesterday's published report of Mr. Wilson's speech the deputy prosecutor was credited with saying something that actually belonged in Judge Brown's letter — the paragraph dealing with newsboys acquiring property of their own, with consequent respect for property belonging to others. As the dinner host The Editor had no time to take notes, and writing from memory is sometimes embarrassing. Our apologies.

Here are the letters about newsboys:

Brown
Mr. John L. Wilson, Attorney
Hope, Arkansas
Dear John: Having been con-
nected with law enforcement for
some 19 years, as deputy prosecut-
ing attorney, prosecuting attorney,
mayor of Hope and circuit judge, I
have seen a lot of boys "go down
the drain."

Among the hundreds of such boys
I cannot recall a single one who
was an active newsboy. Don't get
me wrong; they are not all angels.
Most of them have the same human
frailties that all boys possess. But
every newsboy is a business man
within his own right. Whether he
realizes it or not, he has the re-
sponsibilities of satisfactory deliv-
ery of his product, collection and
accounting. In the first place he
can't get in the business unless he
has good recommendations; once
he gets in, he can't stay in it unless
he is made of the right material.

Therefore, boys who get in the
news business and stay with it are
exceptional boys. Furthermore,
they are not inclined toward idleness
and this is the source of most
of our trouble with boys. And
finally, their tax-free income gives
them property of their own — they
need not be tempted with taking
that which belongs to other people.
Being owners of income, bicycles,
motor scooters, etc., they want
their property rights respected,
and therefore they develop a re-
spect for other peoples' property
rights.

Why do I know these things?
First, because of these years of ex-
perience, and second, because I
was a newsboy myself for some
six years. Sincerely

LYLE BROWN
Circuit Judge

Questionnaire Unnecessary, Lawman Says

By JOHN H. AVERILL
WASHINGTON (AP) — Rep.
George Meader (R-Mich.) accused
foreign aid officials today of using
a 41-page questionnaire for a sur-
vey he said could be handled bet-
ter with a single page of simple
questions.

"The most charitable thing I
can say about all this is that it
is a nightmare of red tape," said
Meader, senior Republican on a
House subcommittee investigating
the foreign aid program.

There was no immediate com-
ment from the international aid
Administration, which
handles foreign aid.

Exports to Cut Into U. S. Surplus

WASHINGTON (AP) — The Agri-
culture Department said today
sharply rising exports are expect-
ed to cut into this country's sur-
plus supply of rice by the end of
the current marketing year next
Aug. 1.

The agency said foreign sales
are expected to total 25 million
hundredweight, over a 3,000,000
more than were shipped during
the past marketing season.
Reserve and surplus stock, next
Aug. 1, were forecast at 13,000,000
hundredweight, 15 per cent less
than a year earlier and 60 per
cent less than the 1956 record.
The department said prices for
rice are likely to hold within reas-
onable limits for the higher
range of quantities of long and
medium grains. But prices of
medium grains, 20 to 40 per cent
higher than 1956, are expected to
move toward present prices or
lower.

Blanket of Snow Northern Half of the Nation

By THE ASSOCIATED PRESS

A blanket of white covered wide
areas in the northern half of the
country today in the wake of pre-
Christmas snow storms that ham-
pered the East and Midwest.

The heaviest snowfalls of the
season hit the Midwest Wednes-
day, dumping up to a foot and
more of snow from the northern
plains to the Great Lakes.

The storm of the same pattern
that whipped the Northeast Mon-
day and Tuesday, disrupted trans-
portation discouraged holiday mo-
tor travel and inconvenienced mil-
lions. The blowing, drifting snow
added to the woes of last-minute
Christmas shoppers.

The storms took a heavy death
toll. Most of the 38 deaths re-
ported were in traffic accidents on
snow-covered highways or from
heart attacks due to over-exertion
while shoveling snow.

At least 23 persons died in the
Eastern storms. In Wisconsin,
where snow piled up to more than
a foot in many areas, 10 deaths
were blamed on the storm. Chi-
cago, which was hit by more than
7 inches of snow, reported five
storm deaths.

The snow in the Midwest, lashed
by gusty winds which built huge
drifts in many areas, lost much
of its power during the early
morning. Driving conditions still
were hazardous from northern Illi-
nois and northern Indiana north-
ward.

Snow fell during the night from
North Dakota and northeastern
South Dakota across Minnesota
into the upper Great Lakes. Freez-
ing rain accompanied the snow
near the southern end of Lake
Michigan and central Indiana.

The snow was expected to con-
tinue in the upper Mississippi
Valley through the Great Lakes
region and into parts of the Mid-
dle Atlantic states and North
Carolina during the afternoon.

For Christmas, the Weather Bu-
reau expects snow flurries or rain
for the northern half of the coun-
try and cloudy skies for most of
the country.

Temperatures ranged from zero
in Vermont and New Hampshire
to the 20s and 30s in the central
part of the country. Outside the
snow zones, readings were in the
40s and 50s along the West Coast
and the south central section and
in the 60s and 70s in central and
southern Florida.

Police Chief's Son Forfeits a Bond

BENTON, Ark. (AP) — Ray
Smith, 20, son of Little Rock Po-
lice Chief Gene Smith, was one
of three youths who forfeited \$24
bonds in municipal court yester-
day on trespassing charges.

Deputy Sheriff Bill Dyer said
Smith and two others, Phillip
Cato, 19, and Wilbur Pierce, 13,
were found in a cottage on nearby
ranch. He said Arthur J. Goldberg,
the union's general counsel, was
busy today "working on docu-
ments for presentation to federal
court in Pittsburgh next week."

Federal mediator Director Jo-
seph P. Finnegan called off a
scheduled bargaining session
Tuesday because of McDonald's
failure to put in an appearance.

Injuries Fatal to Wreck Victim

ARKADELPHIA, Ark. (AP) —
A 37-year-old Negro man died at
a hospital here late yesterday of
injuries suffered in a highway col-
lision.

The victim was Fred Harris,
of Arkadelphia.
State Police said Harris' auto-
mobile and tractor-trailer truck
driven by Andrew Davis, 36, of
Midway, of blood on state High-
way 26 about five miles southwest
of Arkadelphia early yesterday.
Davis was uninjured.

Charge Filed in Texarkana Shooting

TEXARKANA, Tex. (AP) — A
charge of juvenile delinquency
has been filed against Frances
Marie Kellie, 14, in the fatal
shooting of 11-year-old Steve
Fields, a nearby Whaley, Tex.,
Tuesday.

The girl was released to custody
of her father and will be given a
hearing next Wednesday.
Sawyer Sheriff J. J. Watling
said she lived in a trailer on
away a group of children who
were breaking stones at each
other near the Kelley house.
A 14-year-old boy, Steve Fields,
was visiting from Dallas.
He died later at a hospital.

Eddie Holland Held Up at Little Rock

NORTH LITTLE ROCK (AP) —
The man acted as if he had a
pistol in the pocket of his tweed
jacket when he stepped up to the
box office of the Rialto Theater.

"You don't want to die?" he said
to manager Eddie Holland, who
was selling tickets at the time.

"No, not tonight," Holland re-
plied.

"Then give me all your money."
Holland told police last night
that he pushed \$2 through the box
office window. Again the man
called for all the money. The man
put all the cash in sight —
about \$40 — in a sack and handed
it over. He said the man, about
55, grabbed the sack and left.

The manager said the man ap-
peared to be an alcoholic.

Steel Workers Are Against Settlement

WASHINGTON (AP) — Union
President David J. McDonald said
today steelworkers are vot-
ing overwhelmingly against ac-
cepting the last offer of the steel
companies.

A postcard poll by the union of
its membership is running 93 per
cent for rejection of the offer, he
told newsmen.

McDonald said 35,000 postcards
have been tabulated so far and
that all but 7 per cent supported
the union leadership's rejection of
the industry's settlement terms.

The union has about 500,000
members.
McDonald said the members
voting in the postcard poll do not
sign their names and are not
identified in any way, thus mak-
ing it a secret ballot.

McDonald talked with reporters
before going into a bargaining
session, called by federal media-
tors, with industry representa-
tives.

The union president who made
something of a mystery of why
he was absent from Tuesday's
sessions.

Asked why he had been absent,
McDonald said he was "shopping
for a Christmas present for the
steelworkers and for the country
— that is a new labor contract in
the stores of the mighty. This
store I have found empty."

McDonald accused the industry
of "utter disregard for col-
lective bargaining and disrespect
for the steel workers."

He complained particularly
about a statement Tuesday by
R. Conrad Cooper, chief industry
negotiator, that if reporters ex-
posed any "confidential develop-
ments from the company by com-
pany negotiations beginning Sun-
day, they would be better advised
to spend their time watching the
professional football championship
game in Baltimore."

Cooper has said any suggestion
the 11 largest steel companies
would conclude basic agreements
with the union on an individual
basis "is wholly without founda-
tion in fact."

McDonald hinted that the union
will file a law suit in Pittsburgh
next week, but declined to elab-
orate. He said Arthur J. Goldberg,
the union's general counsel, was
busy today "working on docu-
ments for presentation to federal
court in Pittsburgh next week."

Federal mediator Director Jo-
seph P. Finnegan called off a
scheduled bargaining session
Tuesday because of McDonald's
failure to put in an appearance.

Sunshine Scarce This Christmas

WASHINGTON (AP) — Sunshine
will be scarce over the nation
Christmas, the Weather Bureau
said today in a special bulletin.

The outlook added:
"Scattered snow flurries are
forecast for western New York,
State and north-central Pennsylv-
ania, and occasional rain along
the central and southern Atlantic
Coast."

"Rain and showers will continue
along the Pacific Coast while
light rain mixed with snow oc-
curs over the Rocky Mountain
states."

"Partly cloudy to cloudy weather
is in prospect for the remainder
of the nation."
"Cold temperatures will con-
tinue to chill the Northeast. Read-
ings will be a little above normal
over the plains while near normal
temperatures are anticipated else-
where."

Democrat Named in Libel Suit

LITTLE ROCK (AP) — A former
Little Rock nursing home opera-
tor filed a \$50,000 libel suit
against the Arkansas Democrat
in Pulaski Circuit Court yesterday.

Mrs. Gladys Neal Bland, who
operated the Trinity, Inc., home
before returning to a private law
practice, filed the action.

The suit involved an article car-
ried in the Democrat, quoting
criticisms of the home by Gov. Or-
val E. Faubus last July 16.

Christmas Finds World Hopeful for a Real Peace

By J. R. Triplett
Associated Press Staff Writer

People on both sides of the Iron
Curtain looked forward to this
Christmas Eve to the possibility
that, for the first time since
World War II, the world may
again know real peace.

President Eisenhower and Pre-
mier Nikita Khrushchev are key
figures in the hopes of millions,
just as the United States and the
Soviet Union have been key na-
tions in the cold war.

Shooting persists in Algeria.
Iran and Iraq have moved up
troops in a yuletide border spat.
Red China, no convert to Khrush-
chev's renunciation of force to In-
dian frontier lands.

Eligians thronging by the thou-
sands to Bethlehem, Jordan-held
birthplace of Jesus Christ, were
reminded by the presence of Arab
and Israeli military guard posts
along the nearby border that the
1948 Palestine war was ended by
armistice truce, never by a peace
pact.

Any universal peace is a matter
of the distant future.

But the past year has seen sig-
nificant steps toward greater in-
ternational understanding. Among
these have been the Khrushchev
visit to the United States and
Eisenhower's agreement to return
the visit; the arrangements for a
Big Four summit conference;
Eisenhower's 11-nation tour on be-
half of friendship and peace in
freedom; moderate progress in
Geneva nuclear talks; the coming
10-nation parley on disarmament.

Eisenhower touched on his
peace mission in a Christmas mes-
sage carried around the world
Wednesday night.

"I talked with kings and presi-
dents, prime ministers and hun-
dreds of men and women in collages
and mud huts," he said. "Their
common denominator was their
faith that America will lead the
way toward a just peace."

Bethlehem today was as usual
a focal point in religious obser-
vances.

Lord Halifax, Statesman of Britain, Dies

YORK, England. (AP) — Lord
Halifax died at his country home
in Yorkshire Wednesday night.
The gaunt, shy British statesman
who helped swing the might of
the United States against Nazi
Germany in World War II was 78.

Former viceroy to India, foreign
secretary and wartime British
ambassador to Washington, Hal-
ifax had been bedridden two days
with a chest complaint. His son
and heir, Lord Irwin, said his fa-
ther "was just completely worn
out."

In Washington, Acting Secre-
tary of State Douglas Dillon paid
tribute to the wartime ambas-
sador.

"He was ever a staunch friend
of this country," said Dillon, "and
during his years of public life con-
tinued greatly to the strengthen-
ing of Anglo-American relations."

In London British Foreign Sec-
retary Selwyn Lloyd said Halifax
had adorned all of his public of-
fices with "his integrity, his ideal-
ism and his ability."

A conservative, deeply religious
man once called an appeaser of
Hitler for his association with the
Munich peace policy of Prime
Minister Neville Chamberlain,
Halifax went on to serve Winston
Churchill's campaign that tri-
umphed over the Axis powers.

Halifax declared defiantly in
1940: "We shall not stop fighting
till freedom, for ourselves and oth-
ers, is assured."

He went to the United States
in 1941 as ambassador. His mis-
sion was to persuade Americans,
then on the sidelines, to swing
their sympathies toward Britain,
fighting alone against Hitler.

Halifax paid his own private
price in the war. His second son,
Peter, was killed in action in
North Africa. His third son, The
Hon. Richard Wood, now minister
of power, lost both his legs in
Libya.

Man Falls Off Cliff, Body Is Recovered

OSARK, Ark. (AP) — The body
of a 72-year-old man who tumbled
off a 25-foot high cliff Tues-
day was recovered yesterday.

Sheriff Bob Ditchard said 80-
year-old Roger Davis of Mountain
Top in Johnson County fell off the
cliff about midnight Tuesday
while hunting raccoons. His son-
in-law, moving with him, went for
help but the body was not found
until yesterday morning.

DOROTHY DIX

Make Christmas a Day to Remember

Dear Dorothy Dix:

I have a problem which is very serious to me and my boy friend, three years, love each other and want to get married. Last Christmas he gave me a hope-chest and it is at his mother's house. This Christmas we are going to get engaged. My boy friend's parents have tried to talk to my parents but they don't want anything to do with them, or with his family. When we first started going together, everything was fine. Then they saw that I wasn't dating anyone else and made me promise to stop seeing him. I still see him. If they find out they will probably kill me. We plan to get married in a year.

Should we try to persuade my parents to say I may go with him, or do you think we should just keep on seeing each other and say nothing? — A. V.

Dear A. V.: Parents aren't always right! Yours should give their reasons for wanting you to break with this boy, indicate the probable results if you don't, then let you make your own decision. Follow your heart. If you love this boy and he you, don't be afraid to tell your parents. Announce your engagement tomorrow. What better day could you choose than Christmas? It may even soften their hearts. Whether or not it does, be grateful for the blessing of the boy friend's parents!

Dear Dorothy Dix:

I am still quite young for liking boys. I am not willing to ask you

D. W. Dufham.

Mr. and Mrs. Coy Dewoody visited Mr. and Mrs. Earl Haynie in Camden Sunday.

Mrs. C. D. McSwain returned to her home in El Dorado on Sunday after an extended visit with Mrs. O. C. Hirst, who accompanied her home for a visit.

Miss Judy Gilbert and Martin Gilbert, students at the U of A are spending the holidays with their parents. Mr. and Mrs. Frank Gilbert.

Miss Nancy Lewis and Billy Lewis, students at Baylor U in Waco, Texas are holiday guests of their parents, Mr. and Mrs. Harold Lewis and Mr. and Mrs. Roy Loomis.

Miss Amelia Harrell has arrived from the U of Miami, Miami, Fla. for a visit with her parents, Dr. and Mrs. L. J. Harrell.

how to get this particular boy to care for me. I like him too much to hire him into a trap, or to get him to like me against his will. I am writing to ask you if there are any suggestions you might make which would cause or make me to change my mind. Friends tell me I am attractive. Maybe the most important fact of all is that I had polio. I walk with a limp — at present I am on crutches. The first time in my life that I ever held hands with a boy put his arm around me and was this summer. The only thing that went through my mind was, "I wish you were the one I really care for."

This last summer I learned to dance. If I could dance, I knew things might turn out all right with this boy and myself. Late in the evening he was giving me quite a bit more attention. But the most popular girl at school likes him too! If I let it be known that I still like him, it will seem as if I am chasing him.

My mother asks me what's wrong. I'm so quiet.

Mom doesn't want to let me grow up. When I want to buy something she wants me to get what she likes. Our personalities clash leaving us with no common basis of understanding. So I cannot ask her advice. Even my best friend can't help me solve these problems. Can you? — B.

Dear B.: Yours is the old story of trouble developing character. Your illness, plus difficulties at home, has made you strong. You're mature beyond your years. Use your own good sense, of which you have plenty, to see that this boy is but an incident in your life. Your letter shows you've got a lot on the ball and a talent for writing. If you use the same determination to develop it that you did to learn to dance, you'll go places in this world.

Send your problem to Dorothy Dix. Be sure to enclose a stamped, self-addressed envelope and address her care of this newspaper.

Mayor of the City of Hope
Attest:
Mrs. Chas. Reynerson
City Clerk

ORDINANCE NO. 769

AN ORDINANCE AUTHORIZING THE ISSUANCE OF ADDITIONAL WATER AND ELECTRIC REVENUE BONDS BY THE CITY OF HOPE, ARKANSAS; PLEDGING THE NET WATER AND ELECTRIC REVENUE FOR THE PAYMENT OF SAID BONDS; SETTING UP CERTAIN FUNDS; AND DECLARING AN EMERGENCY.

WHEREAS, the City of Hope, in Hempstead County, Arkansas, owns and operates a municipal waterworks system and an electric light and power system, on which there is an indebtedness of \$200,500.00 composed of outstanding balances of bond issues dated September 1, 1950; April 1, 1952; January 1, 1954; and July 1st, 1957, and in 1952 the City had the Burns & McDonnell Engineering Company, Consulting Engineers, of Kansas City, Missouri, make a survey and prepare plans and estimates of cost, which are now on file with the City Clerk, for betterments and improvements to the two systems, but the City Council determined after examining said plans that they called for more extensive improvements than the Council deemed justified at that time, with the result that the City then issued bonds only for part of the proposed improvements, but now the City deems it advisable to issue \$100,000 in additional bonds to construct other betterments and improvements designed by said plans; and

WHEREAS, the revenues of the two plants for the fiscal year immediately preceding the passage of this ordinance, ending on the 12th day of April, 1959, have been sufficient in amount so that if they were deemed the total revenues of the system after the contemplated improvements and betterments have been completed they will greatly exceed the maximum amount required in any year to pay the cost of operation, maintenance, and depreciation of the systems and the combined interest and principal maturity requirements of both the outstanding bond issues and the bonds of the proposed new issue, so that the City, by the terms of Section 13 of Ordinance No. 661, passed September 19, 1950, and of Section 8 of Ordinance No. 682, passed April 1, 1952, and of Section 9 of Ordinance No. 726, passed December 15, 1953, and Ordinance No. 759, passed Aug. 6, 1957, all of the City of Hope, is authorized to issue a series of additional bonds for betterments and improvements on a parity with the outstanding balances of the September 1, 1950; April 1, 1952; January 1, 1954; and July 1st, 1957 issues; and

WHEREAS, the City Council has negotiated a sale to Stephens, Inc., Little Rock, Arkansas, of the proposed \$100,000 bond issue upon a basis of par and accrued interest for bonds bearing 4.605% interest per annum and the buyer will pay the cost of printing the bonds and the charges of the trustee bank and of the approving opinion of bond counsel, provided the buyer shall have the privilege of converting the bonds to bonds bearing lower rates of interest, upon condition that the City shall not receive less than it would receive or pay if the bonds were not converted, and subject to the approval of the Trustee and the City Council; and

WHEREAS, the purchaser has elected to convert the bonds to \$102,400 in bonds bearing 4% interest, and has presented a computation showing that the cost of maturing the bonds after conversion is \$34.30 less than the cost of maturing the bonds before conversion, and the buyer is ready to accept delivery of the bonds as soon as the City can deliver them, and the City in turn desires to make the improvements and betterments as early as a date as possible; now, therefore,

BE IT ORDAINED by the City Council of the City of Hope, Arkansas:

SECTION 1. The City Council hereby finds and declares that there is immediate need for the betterments and improvements to the municipal electric light and power system and the municipal waterworks system, and it is the determination of the City Council to make betterments and improvements to the extent of \$100,000, according to the plans of the Consulting Engineer on file in the office of the City Clerk, and the Council hereby finds and declares that the present system is more than forty years old and that the term of the proposed revenue bonds, the betterments and improvements are, sometimes hereinafter referred to as the "Works," and the term "System" as used hereafter shall mean the electric light and power and water systems after the Works have been completed.

SECTION 2. The City Council hereby finds and declares that the sale of the proposed issue of \$100,

000 in bonds dated as of February 1, 1960, and maturing serially on February 1 of the years 1963 to 1966, both inclusive, is at a fair price and one that is allowed by law, and that the conversion of the bonds from 4.605% interest rate to \$102,400 in bonds dated February 1, 1960, bearing interest and maturing as hereinafter set out, is in accordance with the terms of the agreement, and the cost to the City of maturing the bonds after conversion will be \$34.30 less than the cost of maturing the bonds before conversion; and therefore both the sale of the bonds to Stephens, Inc., of Little Rock, Arkansas, and the conversion to a lower interest rate are hereby approved and confirmed.

SECTION 3. That water and electric revenue bonds of the City (hereinafter called "bonds") be issued in the total amount of \$102,400, the proceeds of the sale of which shall be used to provide funds to pay the cost of the Works, including engineering, legal, and other expenses necessarily incurred, the bonds to be numbered from 1 to 102, both inclusive, to be in the denomination of \$1000 each except No. 27, which shall be in the denomination of \$1400, to be dated as of February 1, 1960, and to mature in numerical order on the first day of February in each of the following years, to-wit:

YEAR	BOND NOS.	AMOUNT
	(both inclusive)	
1963	1 to 27	\$27,400
1964	28 to 32	25,000
1965	33 to 77	25,000
1966	78 to 102	25,000

The bonds shall bear interest at the rate of 4% per annum, payable on August 1, 1960, and semi-annually thereafter on the first day of February and August of each year; the bonds shall be signed by the Mayor and City Clerk and sealed with the corporate seal of the City, the interest upon the bonds to be evidenced by coupons there to be attached which shall be signed by said Mayor by his facsimile signature, and said Mayor shall by the execution of the bonds adopt as and for his own proper signature his facsimile signature appearing on said coupons. SECTION 5. The Council has hereby fixed the rates to be charged for the water and electric services to be furnished by the City System, and the Council hereby finds them to be reasonable and the necessary minimum rates to be charged, and the Council hereby confirms and continues said rates.

And this Council further finds and declares that such rates as above mentioned will produce a total revenue sufficient to pay the total operation and maintenance expense of the System and provide for the payment of the bonds issued to finance the cost of the Works, both principal and interest, as the same fall due and are payable, and the rate of funds herein provided.

SECTION 6. The Trustee in its sole discretion may, at any time, at the request of the City, to meet the maturity of the bonds, provided, no reduction

(b) There shall be paid by the City Treasurer from the net revenues into the Bond Fund, in addition to the payments required by the ordinance authorizing the bonds dated September 1, 1950, April 1, 1952, January 1, 1954, and July 1st, 1957, of the City of Hope, beginning on the fifth business day of the month after the delivery of the bonds and continuing on the fifth business day of each month thereafter until all the bonds with interest have been paid in full or provision made for such payment, a sum equal to 1/5 of the next installment of interest and 1/10 of the next installment of principal of the bonds of all issues then outstanding and the paying agent's fees; provided, however, that when the surplus amount in said Bond Fund reaches the sum of \$25,000, the amount so payable each month into said Bond Fund may be reduced to 1/6 of the next installment of interest and 1/12 of the next installment of principal of all issues then outstanding and the paying agent's fees.

(c) The obligation to make the monthly payments hereinafter specified is a continuing one, so that if the net revenues of the System in any month are insufficient to make the required payment on the first day of the following month into the Bond Fund, then the amount of any deficiency in the payment made shall be paid out of the first available net revenues. All moneys in the Bond Fund shall be used solely for the purpose of paying the interest on and the principal of the bonds dated September 1, 1950; April 1, 1952; January 1, 1954; July 1st, 1957; and the bonds issued under this ordinance, with the paying agent's fees.

(d) The \$25,000 accumulated in the Bond Fund over the annual principal and interest requirements shall be held in said Bond Fund as a reserve for contingencies and shall be used solely as herein provided, however, that when the moneys held in the Bond Fund, including the reserve for contingencies, shall be and remain sufficient to pay the principal of and interest on all the bonds then outstanding, the City Treasurer shall not be obligated to make any further payments into the Bond Fund. If for any reason the City Treasurer shall fail at anytime to make any such payments into the Bond Fund, any sums then held as a reserve for contingencies shall be used to the extent necessary in the payment of the interest on and the principal of the bonds, but such reserve shall be reimbursed from the net revenues as above defined, out of the first available moneys in said net revenues, after making the payments hereinafter required to be made. The reserve for contingencies may be invested in obligations of or fully insured by the United States Government, maturing not more than five years after date of purchase.

SECTION 8. It shall be the duty of the City Treasurer to withdraw from the Bond Fund at least fifteen days before the maturity date of any bond or interest coupons issued by the City, and to deposit with the paying agent an amount equal to the amount of such bond or coupon plus the paying charges for the same, such deposit shall be at the sole risk of the City and shall not operate as a payment of the bonds or coupons until so applied.

SECTION 9. Nothing herein shall be construed in such manner as preventing the issuance by the City of additional revenue bonds on a parity as to payment from net revenues with the issues of September 1, 1950; April 1, 1952; January 1, 1954; July 1st, 1957; and the bonds of this issue dated October 1, 1959, to finance or pay the cost of constructing any future betterments and improvements to the System; provided, however, that in order to insure the payment of the interest on and principal of the bonds, the City shall issue such additional revenue bonds while any of the bonds of this issue remain outstanding only if, at the time of the passage of an ordinance authorizing the issuance of such additional bonds, the net revenues of the System for twenty-four months immediately preceding the passage of said ordinance

shall be at least equal to one hundred and fifty per centum (150%) of the maximum amount required to pay the average annual combined principal and interest maturity requirements of both the remainder of the bonds then outstanding and the bonds of the new issue; provided, nothing herein shall be construed to prevent the City from issuing bonds to secure funds for improvements, extensions, replacements, or any one or more of these purposes, said bonds to be subject to the prior liens of the bonds then outstanding.

SECTION 10. The Mayor and City Clerk are hereby authorized and directed to execute the bonds and deliver them to the buyer upon payment of the full purchase price and accrued interest. The money received for accrued interest shall be paid into the Bond Fund. The balance of the money received for the bond issue shall be deposited in a special fund to be known as the "Construction Fund Account" in some bank or banks that is or are members of the Federal Deposit Insurance Corporation, and each depository shall be required to furnish security for said funds either by a bond executed by a corporate surety company authorized to do business in the State of Arkansas and approved by the City, or by the escrow deposit of United States Bonds. The money in the Construction Fund Account shall be used by

the City solely for the purpose of paying the cost of the Works according to the plans thereof which are now on file, together with the necessary engineering, legal, and other expenses incidental to such construction; and except for legal and engineering costs, shall be paid out only on engineer's estimates, and each depository shall be notified of this requirement.

SECTION 11. The terms "City" and "Bond Fund" as used in this section shall mean, respectively, the Incorporated Town or the City issuing the Bonds and the Fund provided by this ordinance for the payment of the Bonds.

For and in consideration of the purchase and acceptance of the Bonds authorized by this ordinance and to facilitate their payment, with interest, the City agrees to the following terms:

(a) None of the facilities or services afforded by the System shall be furnished without a reasonable charge being made therefor. In the event that the City or any department, agency, or instrumentality thereof shall avail itself of the facilities or services afforded by the System, the reasonable value of the services and facilities so afforded shall be charged against the City or such department, agency or instrumentality, and shall be paid for as the charges therefor accrue. The revenues so received from the City shall be deemed to be revenues derived from the operation of the System; provided, however, that nothing herein shall be construed as requiring the City or any department, agency, or instrumentality thereof to avail itself of the facilities or services afforded by the System.

(b) The City will maintain the System in good condition and operate the same in an efficient manner and at a reasonable cost. So long as any of the Bonds are outstanding, the City agrees to maintain fire, lightning and tornado insurance on the System in an amount which normally would be carried by a private company engaged in a similar type of business. These insurance policies are to be taken with companies approved by the Trustee, are to carry a clause making them payable to the Trustee, as interest may appear, and to be kept continuously in force, and either the original policies or insurance shall be placed in the custody of the Trustee or the Trustee shall be furnished evidence satisfactory to it that the policies have been issued and carry the loss payable to the Trustee clause. In the event of loss, the proceeds of such insurance are to be applied solely toward the reconstruction, replacement, or repair of the System. In such event the City will, with reasonable promptness, cause to be commenced and completed the reconstruction, replacement and repairs. Nothing herein shall be construed as requiring the City to expend any funds for premiums on its insurance on the System which are derived from sources other than the operation of the System.

(c) The City Treasurer shall be the custodian of the revenues derived from the System, and shall give bond as such custodian. Such bond shall be in an amount not less than \$500,000 and shall be approved by the Trustee.

(d) The System shall be operated upon a fiscal year basis, beginning _____ of each year and ending and including the following:

(e) So long as any of the Bonds are outstanding, the City will not mortgage, pledge, or otherwise encumber the System or any part thereof or any revenues therefrom, except as herein provided, and will not sell, lease, or otherwise dispose of any substantial portion of the same. The obligations of the City set out in this ordinance, the pledge of revenues, and the City's agreement not to mortgage, pledge, or otherwise encumber the System, shall be made a matter of public record by having a certified copy of this ordinance recorded as a mortgage in the office of the Circuit Clerk and ex-officio Recorder of Hempstead County, Arkansas.

(f) All moneys from the System shall be deposited in such depository or depositories as may be lawfully designated from time to

time, subject, however, to the giving of security by each such depository as now or as hereafter may be required, and provided each such depository shall hold member-ship in the Federal Deposit Insurance Corporation. All deposits shall be made in the name of the City and be so designated as to indicate the particular fund to which the revenues belong. Payments from each fund set out in this ordinance shall be made by check or voucher signed by two duly designated persons and drawn on the depository in which the moneys in said fund shall have been deposited, and each such check or voucher shall briefly specify the purpose of the expenditure.

(g) The Bonds, together with interest thereon, are not general obligations of the City nor do they constitute an indebtedness of the City within the meaning of any constitutional or statutory provision or limitation, but shall be payable solely out of the Bond Fund and shall be a valid claim of the holders thereof only against said Fund, and the amount of the revenues pledged to said Fund, which Fund is hereby pledged for the equal and ratable payment of the Bonds and shall be used for no other purpose than to pay the principal and interest of the Bonds as the same mature, except as provided in this ordinance.

(h) It is covenanted and agreed by the City with the holder or holders of the Bonds, or any of them, that it will faithfully and punctually perform all duties and reference to the System required by the Constitution and statutes of the State of Arkansas, including the making and collecting of reasonable and sufficient rates lawfully established for services rendered by the System and applying the revenues therefrom to the respective funds herein created.

(i) The City will keep proper books of records and accounts (separate from all other records and accounts) in which complete and correct entries shall be made of any transactions relating to the System. The City agrees to have these records audited by an independent certified public accountant at least once each year, and it shall furnish the Trustee a copy of this audit. In the event that the City fails or refuses to make the audit, the Trustee may have the audit made, the cost thereof to be charged to the cost of operation.

(j) If there be any default in the payment of either the principal of or the interest on any of the Bonds, the holder or holders thereof may enforce any mortgage lien granted by statute and may by proper suit compel the performance of the duties of the officials of the City, as set forth in the statutes authorizing the Bonds. If there be default in the payment of the principal of or interest on the Bonds or if the City shall fail to keep any other obligation which it herein assumes, and such default shall continue for thirty days thereafter, any court having jurisdiction in any proper action, which may be instituted either by the Trustee on behalf of all the bondholders, or by the holder of a Bond in default, may appoint a receiver to administer the System on behalf of the City, with power to charge and collect rates sufficient to provide for the expenses of the receivership, the payment of the Bonds and interest thereon, and the payment of the operating expenses, and to apply the income and revenues in conformity with said statutes and this ordinance providing for issuance of said Bonds, but when all defaults are cured, the receivership shall be ended and the management and control of the System restored to the City.

(k) The City further covenants and agrees that if default is made in the payment of any Bond or coupon, or if the City fails to meet any Bond Fund requirements, the holder of such Bond may declare that Bond immediately due and payable, and in default, and either the Trustee on behalf of all the bondholders or any bondholder for himself may institute suit to enforce the pledge lien herein granted. The failure to exercise this option upon any default shall not be a waiver of the right to exercise it upon any subsequent default.

(l) The Bonds authorized shall be callable for payment before maturity according to the terms set out in the bond form.

(m) The City hereby agrees to make all payments of Bonds and interest only through the designated paying agent. All Bonds paid or purchased, either at or before maturity, shall be canceled when such payment or purchase is made, together with all unmaturing coupons appertaining thereto, shall be returned to the City, and shall not be reissued. All unpaid interest coupons maturing on or prior to the date of such payment or purchase shall continue to be payable to the respective bearers thereof.

(n) The charges for paying Bonds and interest coupons shall be 1/4 of 1% on principal and 5c per coupon; provided, the minimum fee for any semi-annual payment shall be \$5.00. No withdrawal from the Bond Fund shall be made for any purpose other than the payment of Bonds and interest, and the monthly deposits in the Bond Fund or with the Trustee shall be at the sole risk of the City and shall not operate as a payment of the Bonds or coupons until so applied.

(o) Wherever reference is made in this ordinance to a Trustee, it shall refer to the Trustee of the Union National Bank of Little Rock, Arkansas. The said Trustee shall be responsible for the execution of this ordinance, and shall be a member of the Council, and shall be elected and voted for said ordinance, which is now of record in Book 2, page 139, of the records of said City.

Ike Calls for Peace in Yule Message

By JOE F. KANE

WASHINGTON (AP)—Mankind needs an open and peaceful partnership instead of a bare co-existence, President Eisenhower has told the world in his annual Christmas message.

The best way America can contribute to such a goal, he said, is to give needy nations the right sort of spirit.

The President delivered his message of peace and good will Wednesday at ceremonies opening the annual Christmas pageant of peace. As part of the observance, he pressed a switch illuminating the nation's Christmas tree in a park adjoining the White House grounds. The program was broadcast by television and radio.

Speaking 18 hours after his return from a trip that took him to Africa, Asia and Europe, Eisenhower addressed his remarks to his fellow countrymen and "workers for a just peace wherever you may be in the world, whatever your race or flag or tongue or creed."

The President said "our concept of the good life for humanity does not require an inevitable conflict between peoples and systems—in which one must triumph over the other. Nor does it offer merely a bare co-existence as a satisfactory state for mankind."

"After all, an uneasy co-existence can be as barren and sterile, joyless and stale a life for human beings as the co-existence of cellmates in a penitentiary or labor camp."

Eisenhower said the leaders and the "humble men and women" with whom he talked during his tour share a common faith that America will help lead the way toward a just peace.

"They understand that we look and work toward the day when there can be open and peaceful partnership—communication—interchange of goods and ideas between all peoples; toward the day when each people will make its maximum contribution toward the progress and prosperity of the world," he added.

The lands he visited, he said seemed united on these three points: their friendship for America and Americans; their fervent hope for betterment of themselves and their children; and their deep-seated hunger for peace in freedom.

Repeating a theme used throughout his 11-nation tour, the President said: "The assurance of peace in freedom is the key to the betterment of peoples everywhere and in a just peace friendship between all peoples will flourish."

America's best interests, he said, require continued financial investment in and aid to underdeveloped nations. All other free nations must be persuaded to join in such efforts to the limit of their ability, he added.

Faubus Discloses Speaking Plans

LITTLE ROCK (AP)—Gov. Orval E. Faubus today disclosed plans for a statewide speaking tour to discuss Arkansas' economic development with business men and civic leaders.

He said he would make the appearances in February.

"The economic growth is good," Faubus said.

"Whereas, most states are going into debt we are paying out of a debt."

The governor said he intends to skip public engagements in January in order to "catch up on all my work."

The governor, in reply to queries about his political plans, reiterated that an announcement could be expected about March 15.

Of the recent appointment of Dr. David Mullins as president of the University of Arkansas, Faubus said "judging from his background from what I have read in the press and from reports on him, I think it was good selection."

The governor said he probably would have a Christmas message for the people but had not yet prepared it.

He said he planned to spend Christmas at the mansion.

State Traffic Toll Is Estimated at 5

LITTLE ROCK (AP)—A state police spokesman said today his agency expects Arkansas' Christmas traffic toll to be about five even if most motorists drive carefully.

Capt. Jack Rhoad said every available state trooper would be on duty during the 72-hour holiday weekend.

He said they would only relax their vigilance long enough to eat Christmas dinner and then would go back to duty.

Asks Rehearing of Utility Injunction

LITTLE ROCK (AP)—The Arkansas Supreme Court has been asked to rehear a case in which it upheld an injunction prohibiting the West Memphis Utility Commission from spending money with firms owned by its members.

The request was made by the commission, which said the court's ruling might be interpreted by the Crittenden County Circuit Court at a final hearing in the case as a predetermination of it.

The suit was brought originally by Cecil Edmunds of West Memphis, who charged that the commission had contracted with four firms in which one or more commission members had a financial interest.

The injunction was granted by Chancellor Lee Ward, The Supreme Court upheld the injunction. But the commission claims the court indicated that such actions were "illegal and unauthorized" and that this left a mistaken impression that the court was rendering a final decision in the case.

The Rev. John Polizzi of St. Louis, Missouri has been invited again for a week of Revival services at the Southside Assembly here in Hope. Services will be held each night at 7:30 p. m. Beginning Sunday, December 27, through January 3, including Saturday.
